

Steps to Assemble the InfiniLite Island Display:

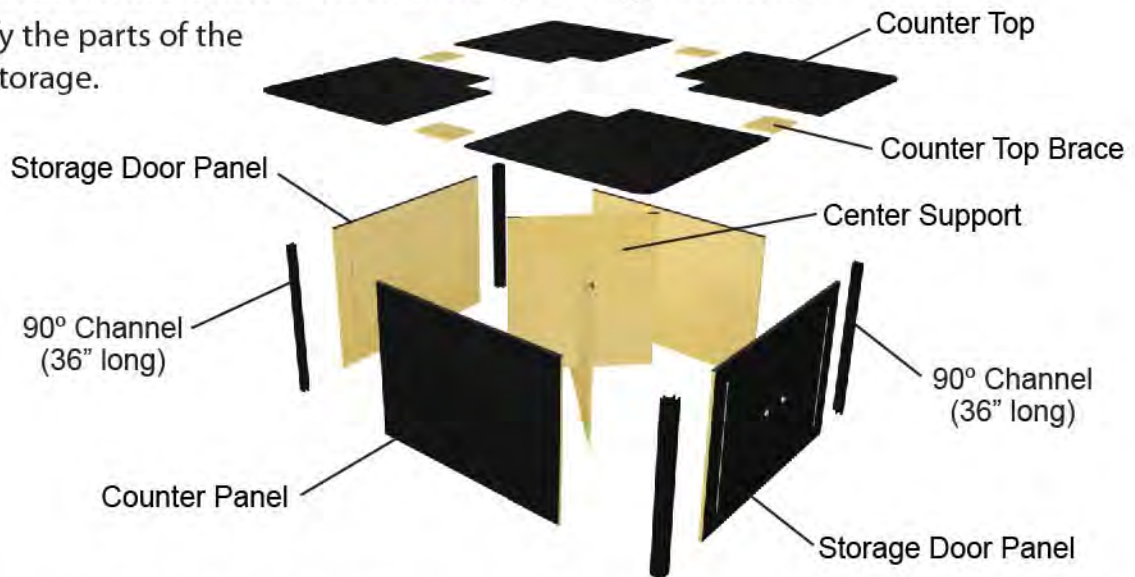

- Step 1:** Assemble the Center Tower Locking Storage Counter.
- Step 2:** Assemble the Four-Sided Tower and place on top of the Locking Storage.
- Step 3:** Assemble the Pillars.
- Step 4:** Place Pillars upright in their proper locations.
- Step 5:** Install Storage Doors and Storage Panels.
- Step 6:** Install Shelf Support Bars.
- Step 7:** Attach Shelves to Shelf Support Bars with Velcro.
- Step 8:** Attach Signs to Pillars with Velcro.
- Step 9:** Attach Stem Lights to Pillars and connect to power source.

Assembly Instructions:

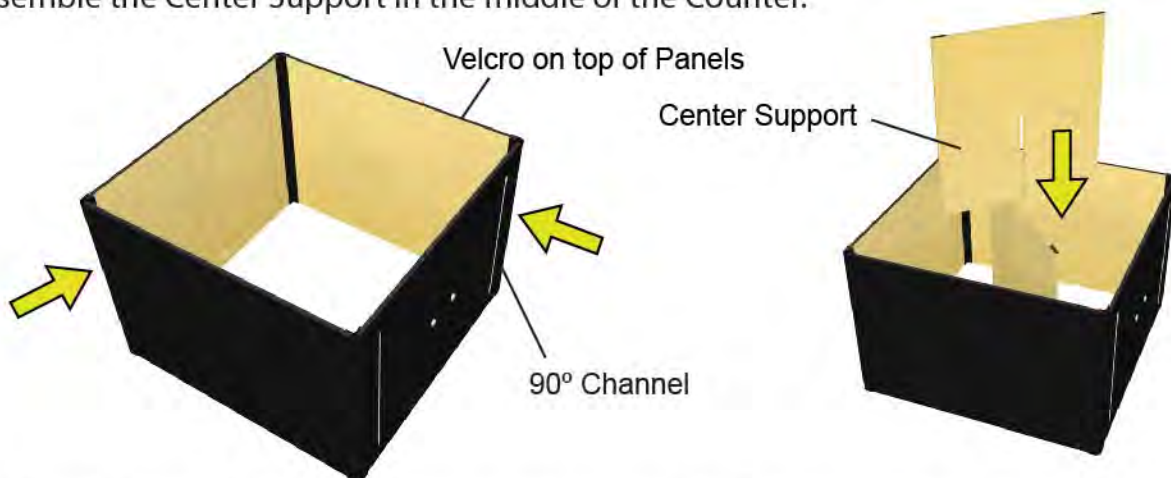

20' x 20' Island Display with Center Tower & Corner Shelving

Step 1: Assemble the Center Tower Locking Storage Counter.

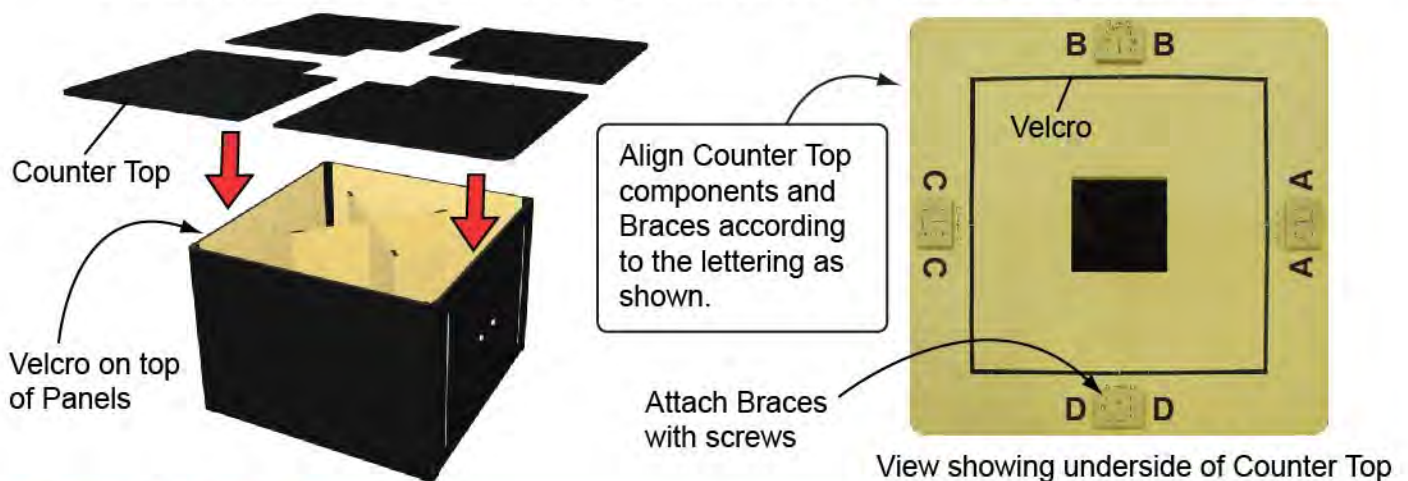

A) Identify the parts of the Locking Storage.

B) Attach Storage Door Panels and Counter Panels with the 90° channel connectors. Assemble the Center Support in the middle of the Counter.

C) Attach Counter Tops with Velcro. (Make sure that the Velcro under the counter tops aligns with the Velcro on top of the panels.) Connect Counter Tops together with Braces.

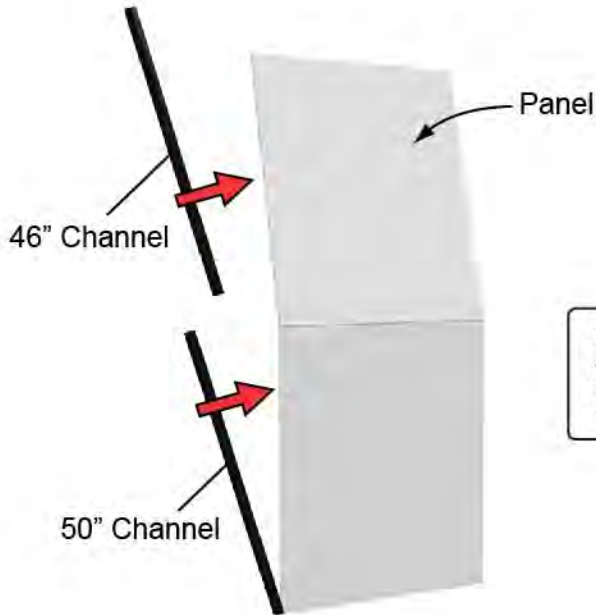

Assembly Instructions:

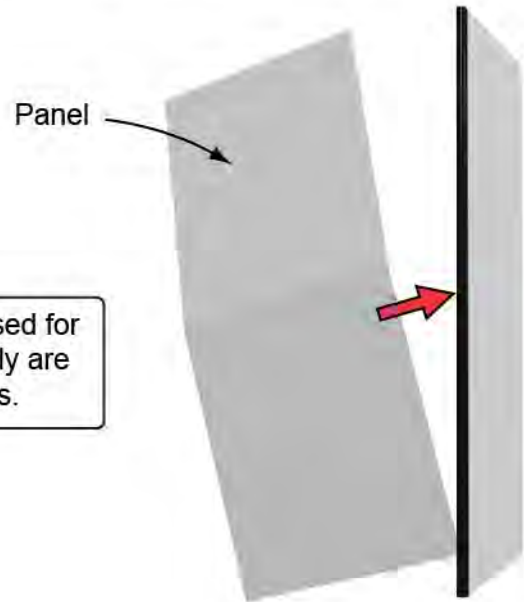

20' x 20' Island Display with Center Tower & Corner Shelving

Step 2: Assemble the Four-Sided Tower and place on top of the Locking Storage.

A) Unfold a Panel and attach a 50" Channel to the base and continue working upwards. Attach a 46" Channel on top of this one.

B) Unfold a second Panel and attach it to these Channels starting at the base and work upwards until it snaps in place.

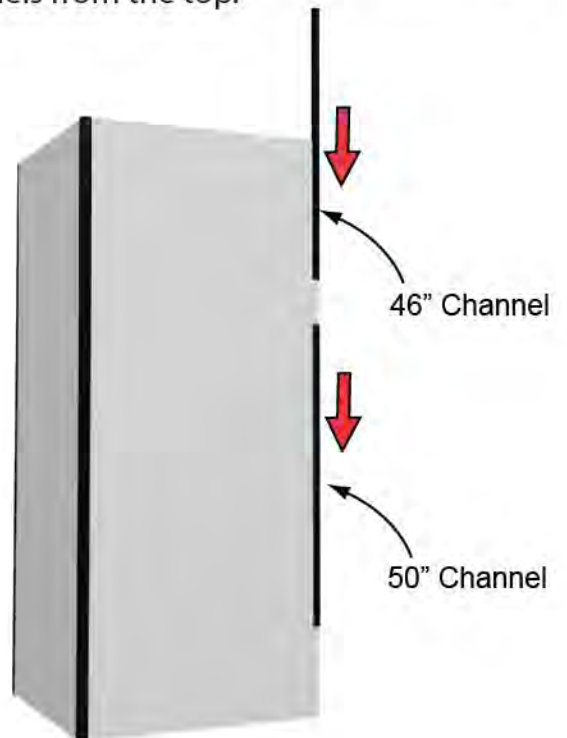

Channels used for this assembly are 90° channels.

C) Continue attaching the Channels and Panels in this manner until the fourth channel.

D) Attach the fourth set of Channels by sliding them down the two connecting Panels from the top.

Assembly Instructions:

Step 2: (con't.)

E) Unroll Posters and attach to outside of Panels with Velcro.

F) Attach Stem Lights to the tops of the Panels as desired.

G) Position the Four-Sided Tower to be centered on top of the Counter.

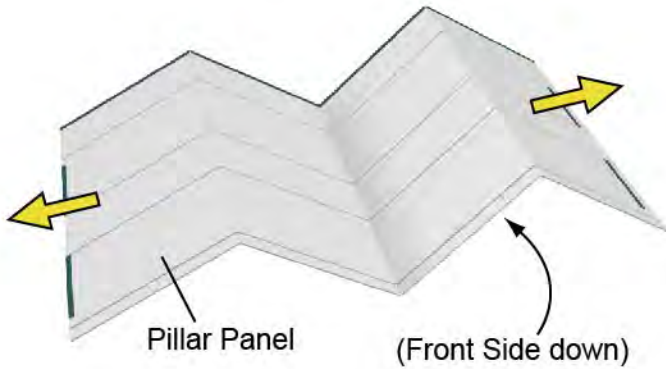

NOTE: The Four-Sided Tower can alternately be assembled on top of the Counter.

Assembly Instructions:

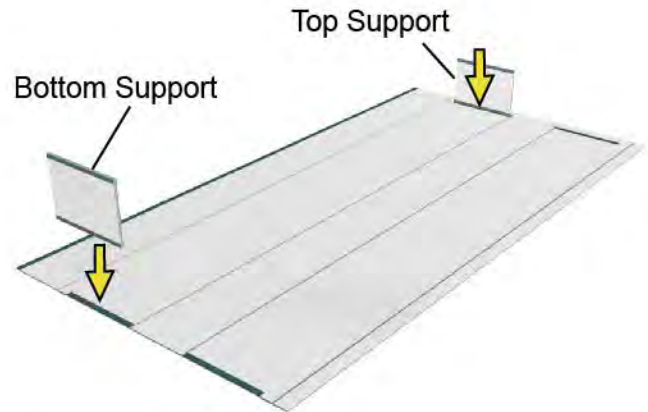

20' x 20' Island Display with Center Tower & Corner Shelving

Step 3: Assemble the Pillars.

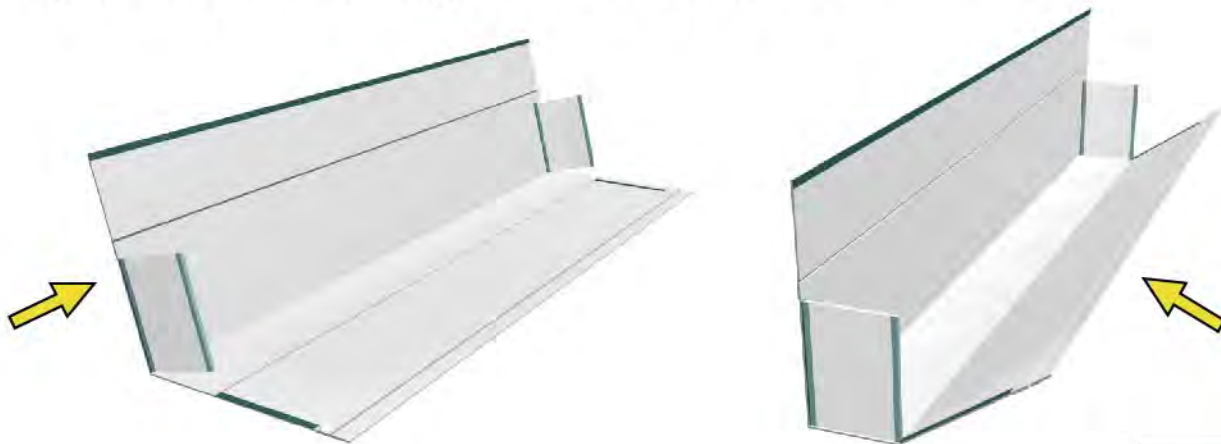

A) Unfold the Pillar Panels with the front sides facing downward.

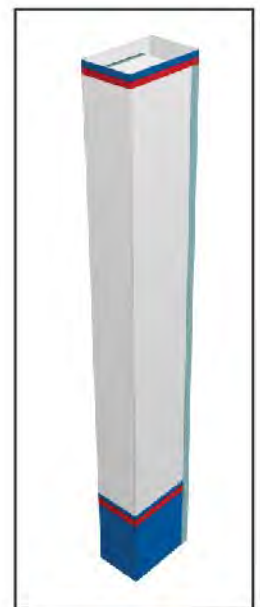

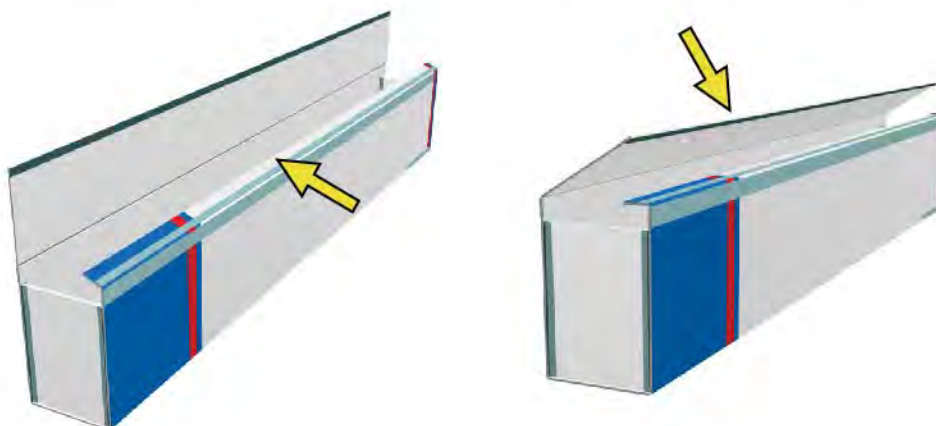

B) Attach Top and Bottom Supports to the back of the Pillars with Velcro.

C) Fold Pillar around the Supports and attach with Velcro.

D) Close the Pillar using the Velcro strips along the Pillar edges.

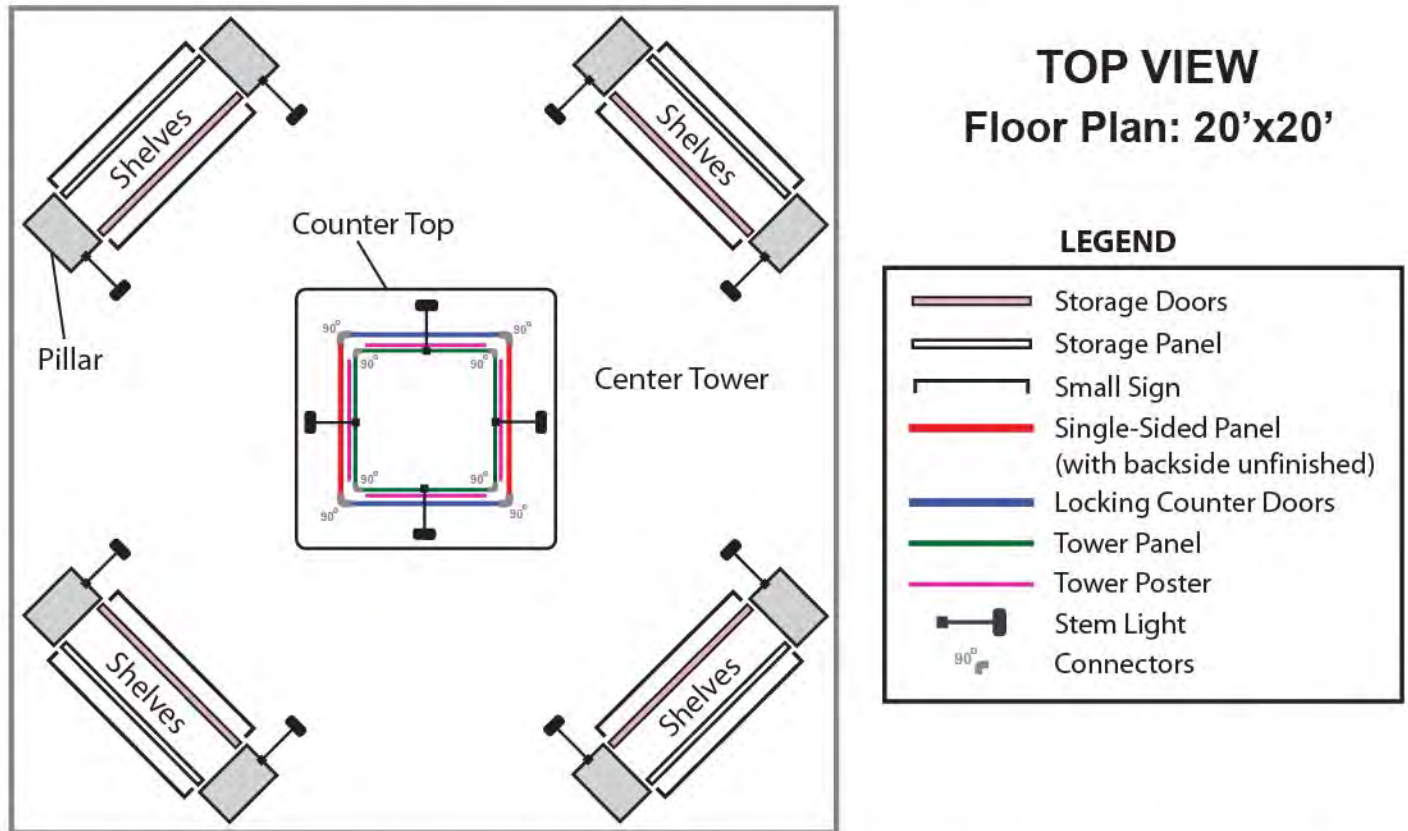

Assembled Pillar

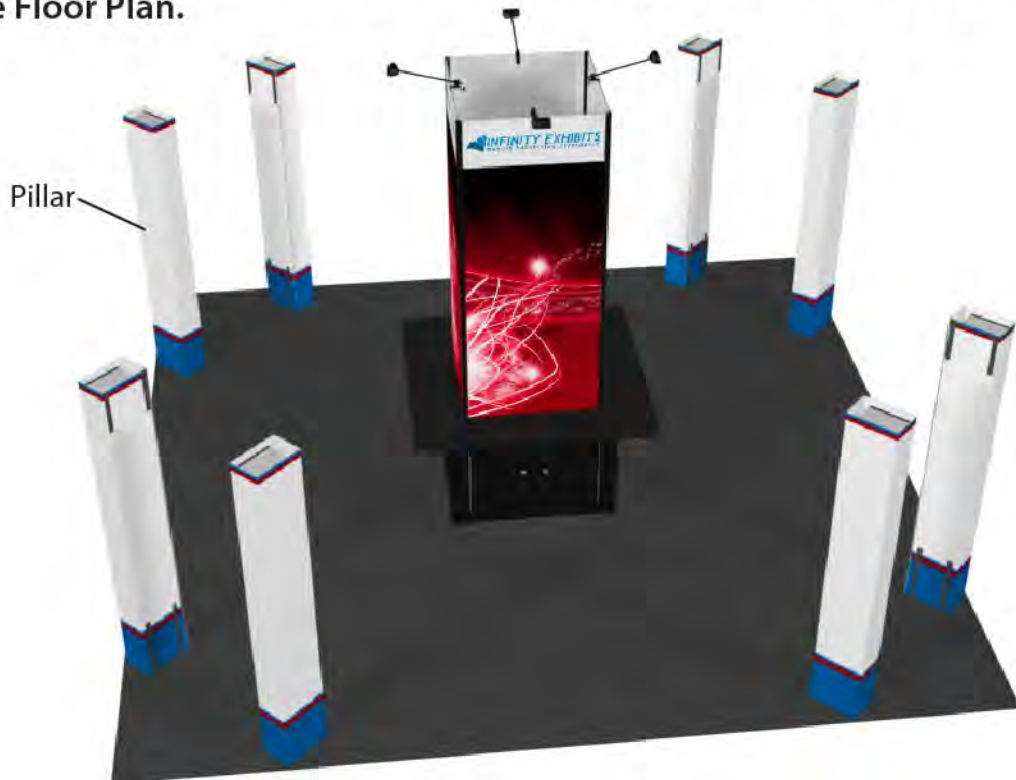

Assembly Instructions:

20' x 20' Island Display with Center Tower & Corner Shelving

The following Floor Plan identifies the locations of the Booth Components:

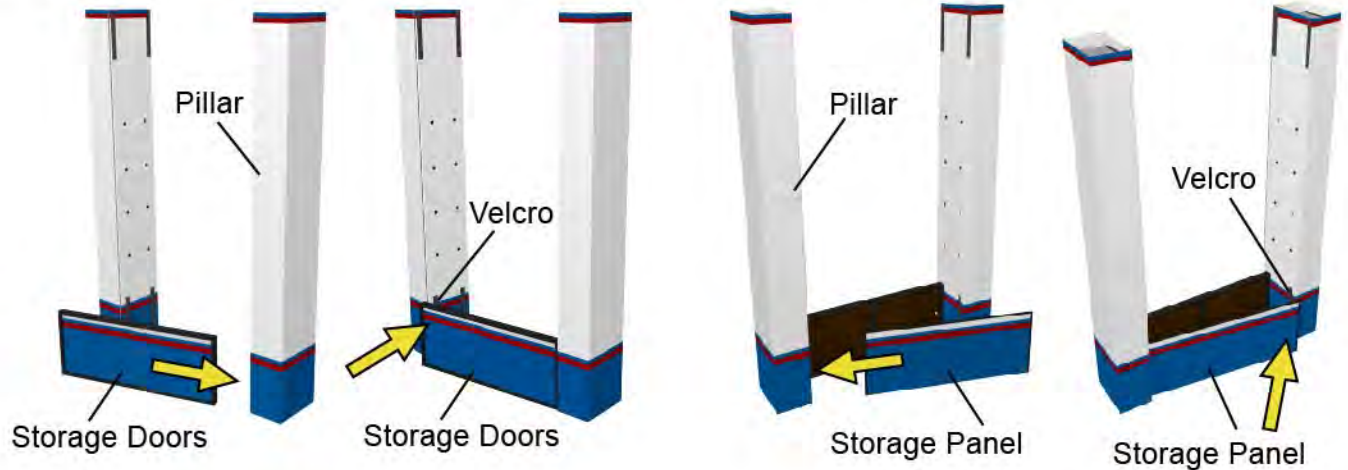

Step 4: Place the assembled Pillars upright in their proper locations as indicated by the Floor Plan.

Assembly Instructions:

20' x 20' Island Display with Center Tower & Corner Shelving

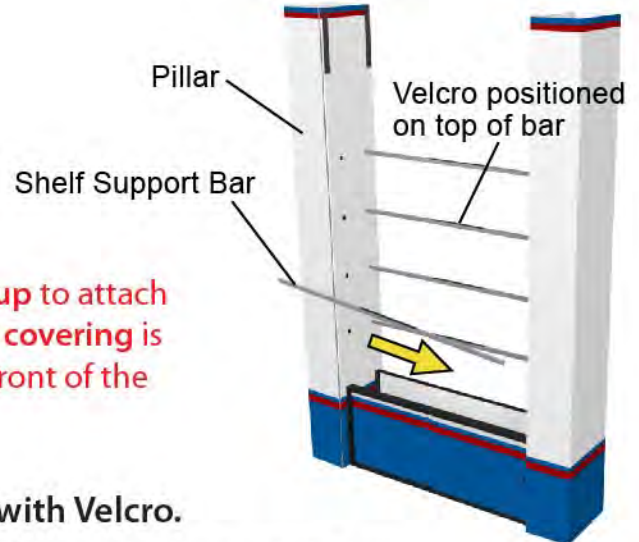

Step 5: Install Storage Doors and Storage Panels with Velcro.

Step 6: Install Shelf Support Bars.

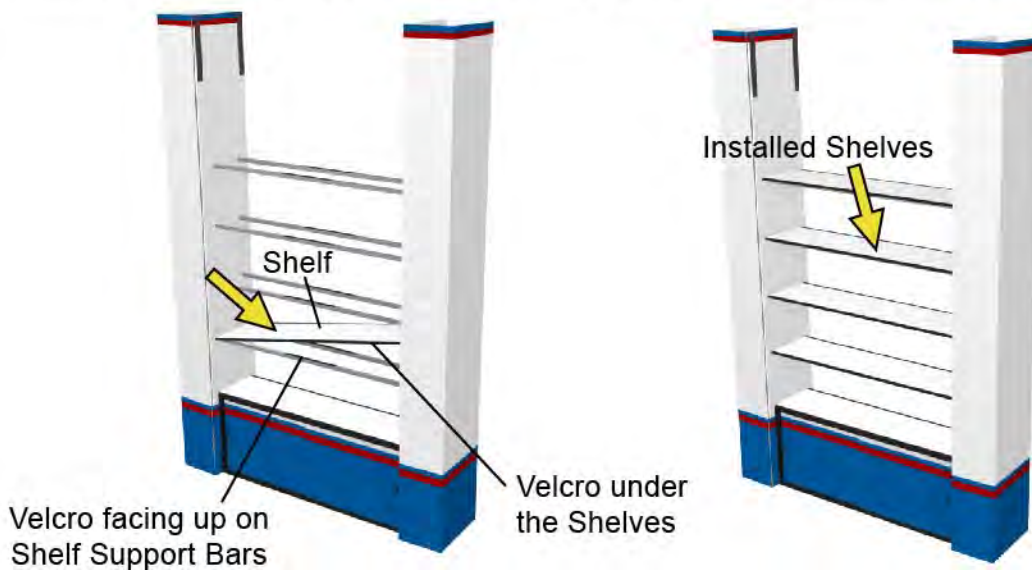

A) Insert the shelf support bars into their designated openings in the Pillars with the **back bars** first, installing from the bottom upward. Then install the **front bars** from the bottom upward.

Make sure that the Velcro on the bars is facing up to attach the shelves and that the full portion of the vinyl covering is facing forward (if vinyl has been applied to the front of the shelf support bar).

Step 7: Attach Shelves to Shelf Support Bars with Velcro.

A) Place the Shelves on top of the Shelf Support Bars and attach with Velcro.

Assembly Instructions:

20' x 20' Island Display with Center Tower & Corner Shelving

Step 8: Attach Signs to tops of Pillars with Velcro.

Assembly Instructions:

20' x 20' Island Display with Center Tower & Corner Shelving

Step 9: Attach the Stem Lights to the tops of the Pillars.

A) Place a wooden Light Support Stick on top of the Pillars as shown. (Use a ladder or step stool to access the top of the Pillar.) Secure the Stick to the back of the Pillar with a Binder Clip.

B) Attach the Stem Light to the front end of the Pillar and Support Stick by adjusting the thumbscrew on the back of the Stem Light. (**DO NOT** overtighten the thumbscrew. Overtightening the adjustment thumbscrew may damage the Pillar.)
